

# CRU Regathering Plan

## MEETING STRUCTURE

### When?

CRU will be gathering on Wednesday evenings from 6:30-8:00 starting September 30th. However, to ensure maximum physical distancing and keep numbers in check, we have made some changes to our typical structure. Rather than meeting weekly in one large group, junior high and senior high groups will meet separately on alternating Wednesdays.

### “Off” Weeks

On the week that the senior high students meet together as a large group, the junior high students will have a lesson over Zoom (and vice versa). Students will have the option to either join this Zoom meeting from home or gather with their small group to hear the lesson and discuss it.

### Where?

Large group meetings will take place in the warehouse. “Off” week small group locations will be communicated by small group leaders.

### In-Person Climate

The climate of the in-person meetings will be community-focused. We know that students have missed gathering and want to give them the time and space they need to build and maintain relationships. There will be a (physically distanced) game, a brief lesson, and plenty of time for students to socialize.
