

CRU Regathering Plan

COVID-19 SAFETY MEASURES

Masks

All students, staff and volunteers are required to wear a mask during large group meetings. Disposable masks will be available if needed.

Hand Washing

There will be hand sanitizer available upon entering the warehouse. Students will be encouraged to sanitize or wash their hands upon arrival.

Food

We will not be serving food at CRU meetings for the time being, so we suggest students eat dinner ahead of time.

Physical Distancing

Physical distancing will be strongly encouraged by leaders. All games, activities and teaching will be planned in a manner that allows students to maintain 6 feet of physical distance from one another.

Regular Sanitization

The warehouse facility will be thoroughly sanitized between each meeting that takes place.

Staying Home

As excited as we are to see everyone at CRU, we kindly ask that anyone who is feeling ill or showing symptoms of COVID-19 stay home from CRU that evening.

Inviting Friends

Students should not hesitate to invite friends ! We only ask that, if your student's friend is coming along, all safety guidelines are communicated to the friend and their parents.
